Professional Experience

Front End Developer and Project Manager
3step Web
April 2022 – Present

- Developed and maintained CRM projects, leveraging ReactJS and JavaScript to enhance user experience and functionality.
- Created a design system manager using JavaScript templating frameworks, streamlining the design process and improving consistency.
- Designed and implemented mobile prototypes with React Native, improving the mobile user experience for various applications.
- Built an AI translation tool using OpenAI's GPT-4 and React, optimizing internal business processes.
- Collaborated with cross-functional teams to deliver high-quality projects on time.

Developer Volunteer
Estack
September 2021 – November 2021

- Led a team of 4 developers, introducing SCRUM methodologies that boosted weekly commits by 300%.
- Developed backend APIs, significantly improving application performance and scalability.
- Actively participated in product brainstorming sessions, identifying and resolving key flaws.

- Managed code quality by reviewing, merging pull requests (PRs), and resolving conflicts, ensuring a smooth development workflow.

Web Development Projects

- **Movie Details Website**: Built a comprehensive movie details website using ReactJS
- **Various Personal Projects**: Developed and deployed multiple web applications using ReactJS, showcasing proficiency in building responsive and dynamic web applications.
- [**My Portfolio:**](#) Check out my portfolio for a list of small projects and some sample pages

Technical Skills

- **Languages & Frameworks**: JavaScript, ReactJS, HTML, CSS, Styled Components, Bootstrap, Redux, Apollo GraphQL, VueJS, React Native, Python, NodeJS, ExpressJS

    - **Back End**: <2 years (NodeJS, ExpressJS)
    - **Testing**: <2 years (Jest, Automation Testing)

About Me

Starting my career at a frontend web agency, I have had the privilege to work on diverse and complex ReactJS projects. My journey from a developer to a project manager has been fueled by a passion for learning and a drive to excel. Collaborating with a talented team has not only honed my technical skills but also deepened my understanding of best practices and innovative solutions. I am eager to bring this experience to new challenges and continue growing as a developer.

Education:

Full Stack Web Development Certificate:
